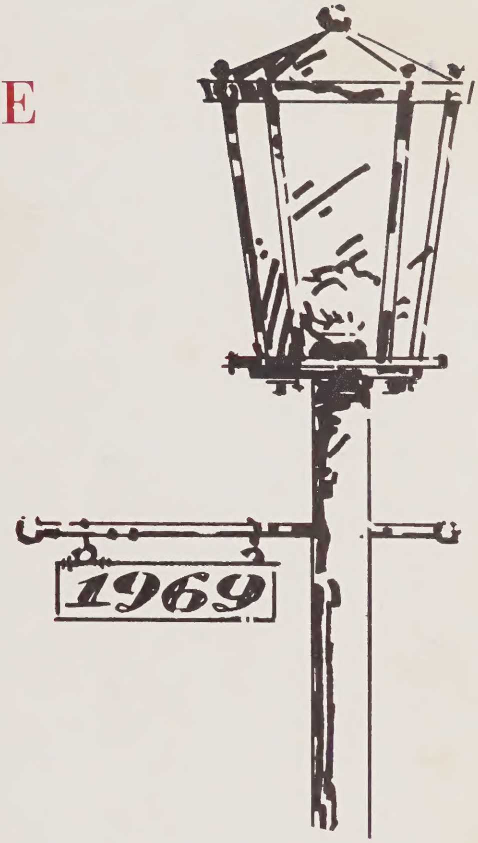
PROLOGUE



As another year is brought to a sudden close, we, the students of our beloved school, look back on an unforgettable year—a year of never ending memories. Each year in life is another step toward progress mentally and physically. Yet the years in high school are forever remembered for the blessed experiences which prepare us as young men and women of the future. Although these years are promising, they are all too brief and end too often in reluctance. We will cherish our friendships with classmates and relationships with teachers. Thinking of this past year, we cannot forget the outstanding athletic record and fine scholastic achievements of our student body. To a sophomore, the year has been another step in education; to a junior, a year of broadening knowledge; and to a senior, a year which ends required education, and brings a wisdom unmatched and a hope for a position in adulthood; to a teacher, the year marks an achievement of his ability to instruct his students and to offer his time and service to young people.

Let us not forget to express our appreciation to our parents for their support and understanding, our faculty and principal for our education, and our friends for giving us a year at LSHS we will remember as "that wonderful year, 1969."

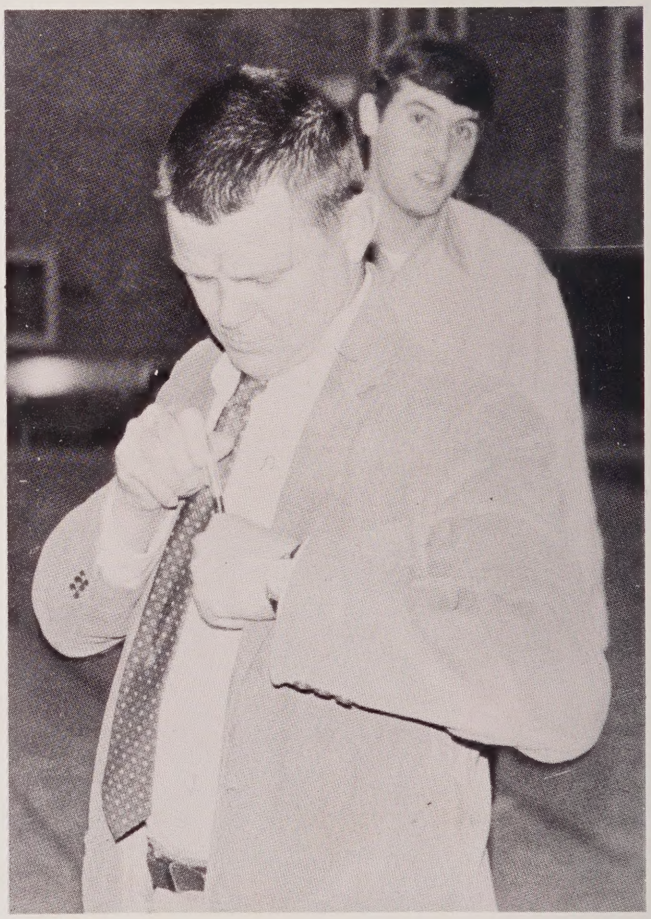
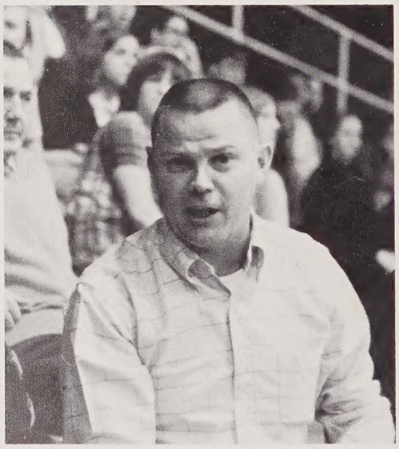
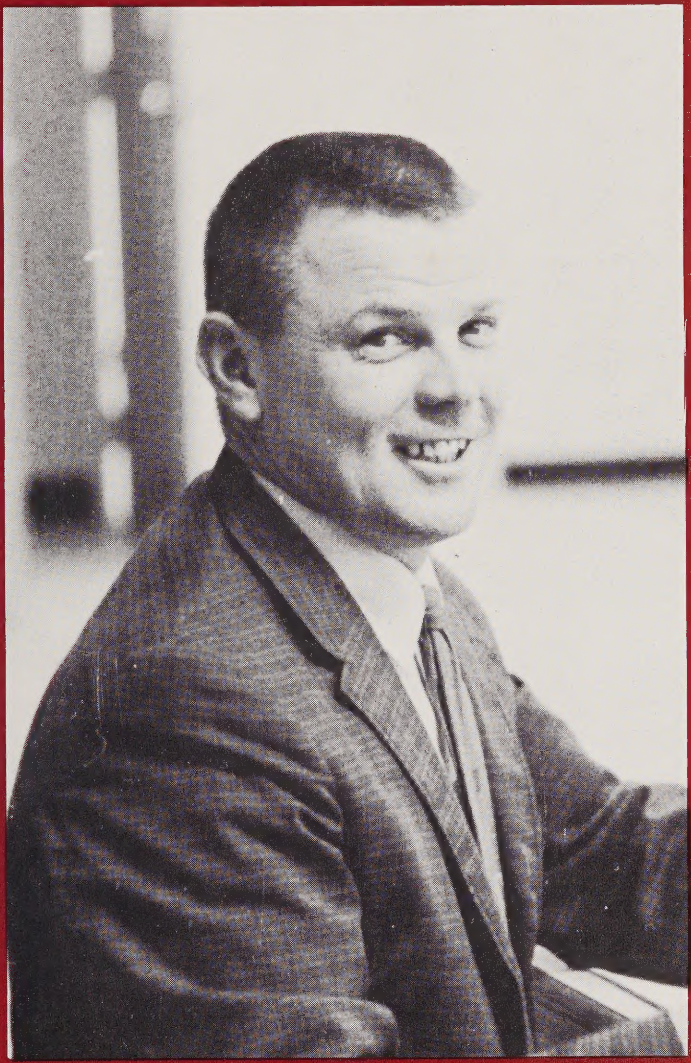
MR. JOHN RHODES





DEDICATION



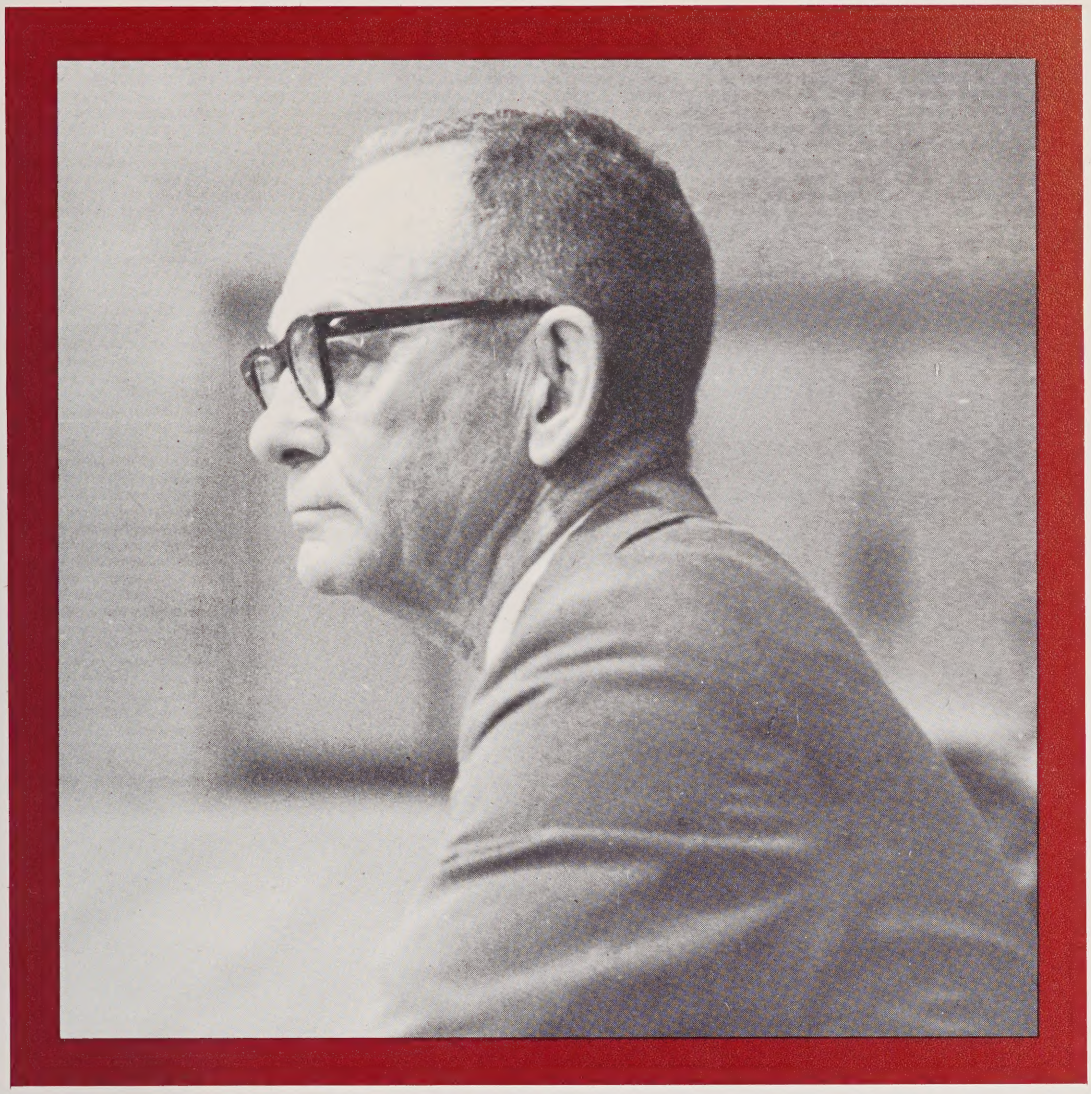
Mr. Rhodes

The two most beautiful things in the universe are the starry heavens above our heads, and the feeling of duty in our hearts.

—*Bossuet*

MR. R. JACK DAVIS, *Superintendent*

Again this year, Mr. Davis has shown himself to be a competent leader of our school system. His improvements this year and plans for next year demonstrate his capabilities and progressiveness.



MR. C. E. WIKE, *Principal*

Few students realize the great amount of work Mr. Wike handles as principal of our school. In addition to this work, he takes a personal interest in the students and receives their respect in return.

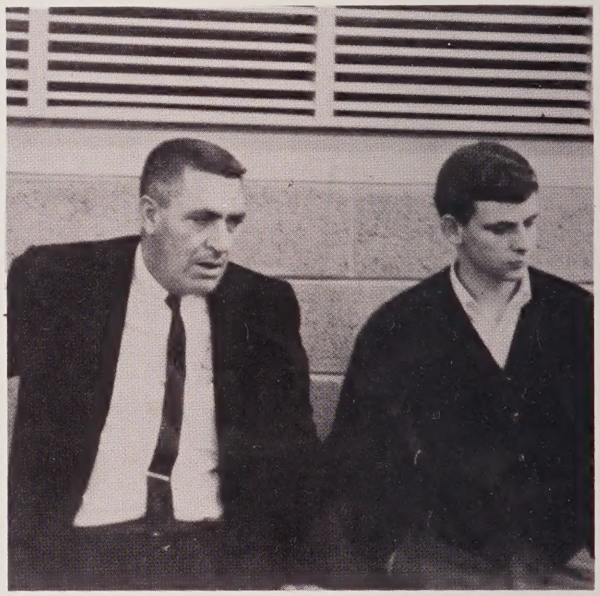
"Meek, yet forceful; quiet, yet brilliant—this is Mr. Wike, a great leader and a great guy."
—Rodney Swink

Dr. Daniel Todd

Although he is no longer a member of our administration, the work that Dr. Todd did as Assistant Superintendent will long be remembered and appreciated by our faculty and principal.

Mr. Frank Clark

Mr. Clark has long been a member of the administration of our school, but this year he gave up his faculty position to devote all his time to this work. We appreciate his service as Assistant Principal, Dean of Men, and Student Council Advisor.



Mrs. Edith Brown

In her second year as secretary, Mrs. Brown has demonstrated the persistence and patience necessary for the important work she does. Her friendliness and disposition have made her a well-loved member of our school's administration.

TRIBUTE

Mrs. Ottis Hedrick

For her years of faithful service and worthy advice to the students of Lexington Senior High School, the 1969 Lexicon staff wishes to pay tribute to Mrs. Ottis Hedrick.

"May I, when realities are melting from me like the shadows which I now dismiss, still find her near me, pointing upward."

A pilgrim, going a lone highway
Came at evening, cold and gray
To a chasm, deep and vast and wide.
The old man crossed in the twilight dim.
The chasm held no fears for him
But he paused when he reached the other side
And built a bridge to span the tide.
"Old man," said a fellow pilgrim near.
"Why waste your time in building here?
Your journey ends with the close of day
You never again will pass this way,
You've crossed the chasm deep and wide
Why build ye here at eventide?
The pilgrim raised his old gray head,
"My friend, in the path I've come," he said,
"There followeth after me today
A fair haired youth who must pass this way.
The chasm which held no fears for me
To the fair haired youth may a pitfall be.
He, too, must cross in the twilight dim.
My friend, I am building this bridge for him."

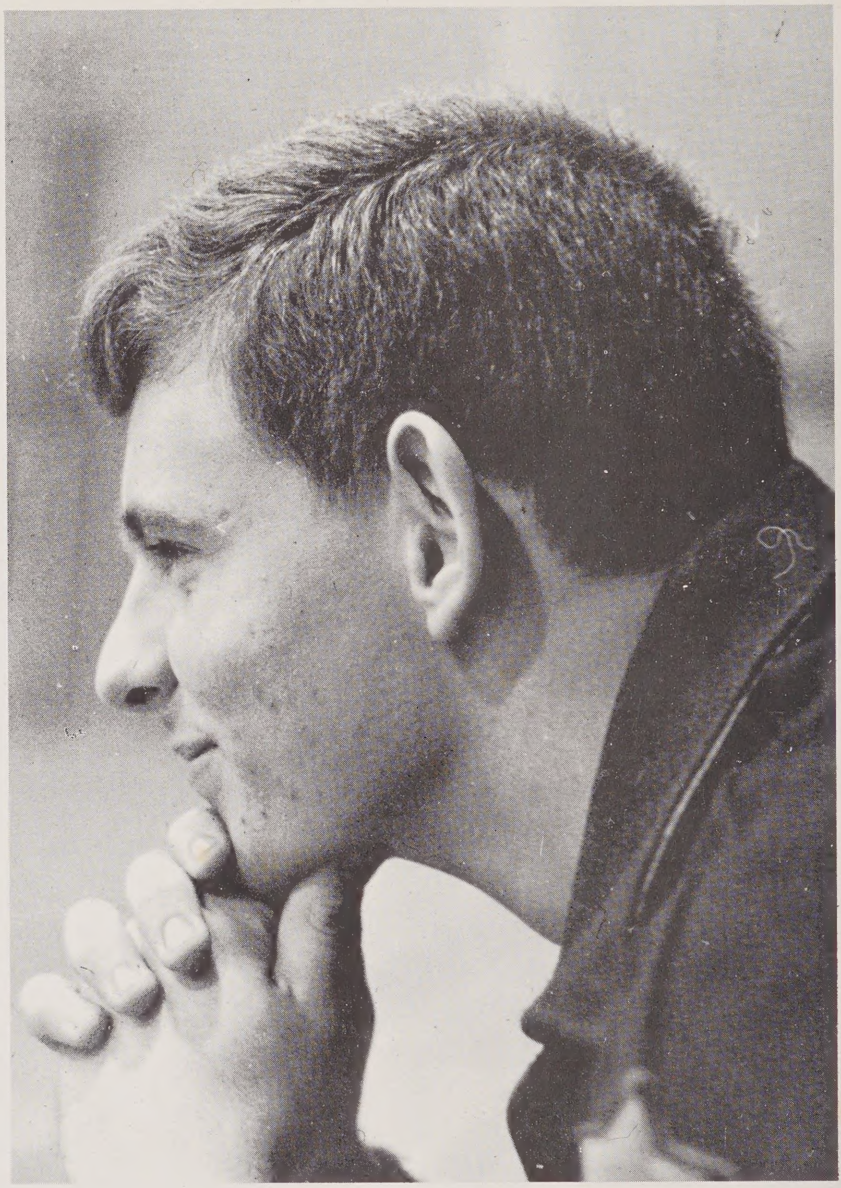
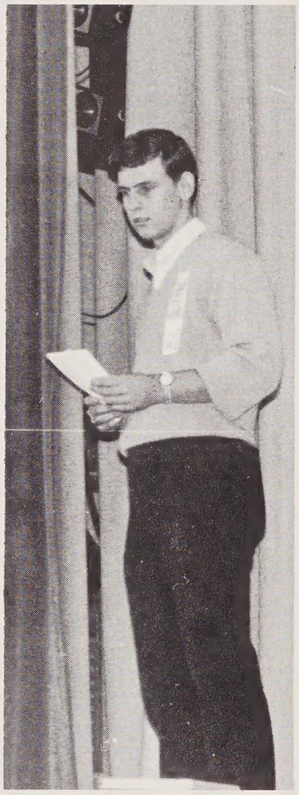
STUDENT COUNCIL

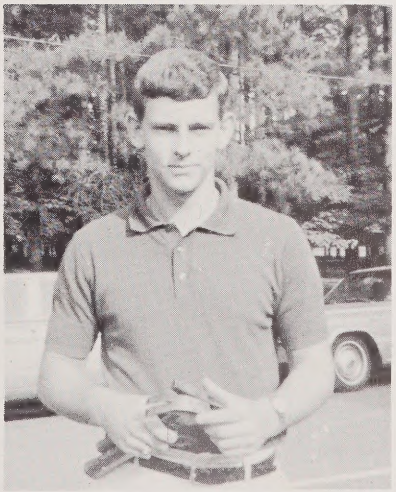


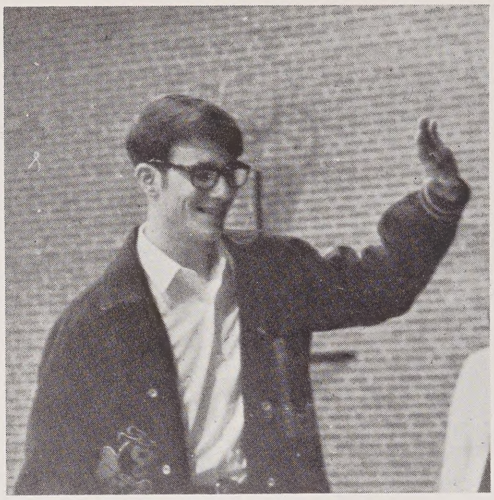
Rodney Swink, *President*

"He will remain forever in our hearts because he had a smile for all, a greeting glad and an amiable, happy way."



The office of President of the Student Council carries with it responsibilities that can only be met by the most patient and conscientious of students. This year, we were fortunate to have such a student in this high office. If the Presidents of the future can continue the fine service Rodney has shown, we can be confident that our school is in good hands.





Julian Philpott, *Parliamentarian*

The student government organization is composed of the Executive Council, the Student Council, the House of Representatives, and the Club Council. The members of the Student Council serve as chairmen of various committees and work with the students and the faculty for school advancement.

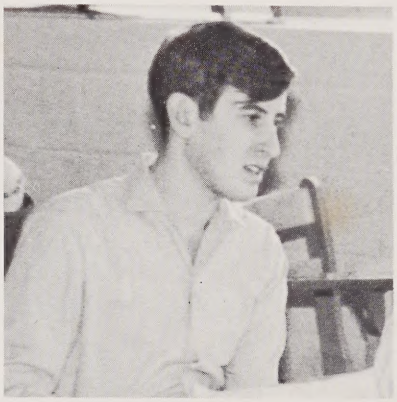
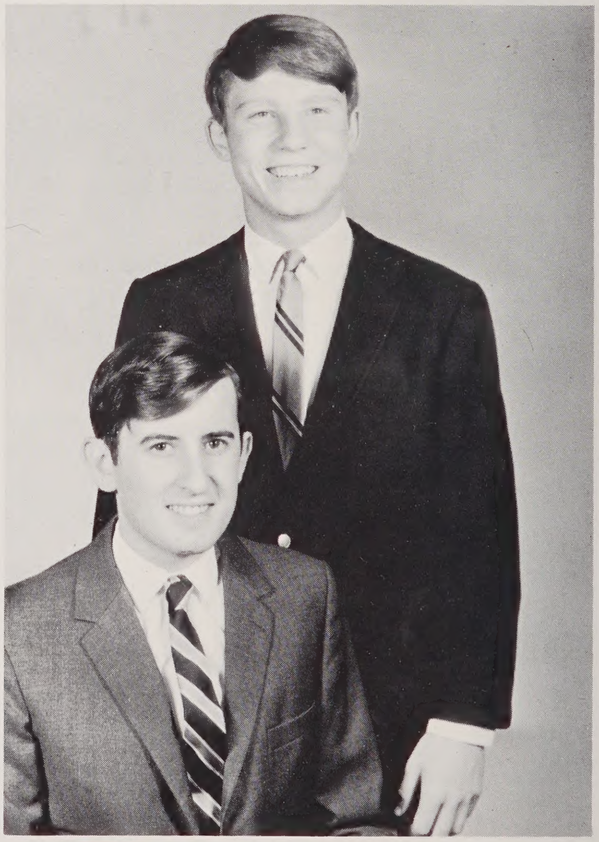
Sigi is Beautiful

For just a lot of little things—
The unobtrusive, friendly things
the funny, jolly, joking things
the every-day-encountered things
the "just-because-we-like-you" things—
You made our world seem bright.



He only came one year to live
one year to help
one year to give
one year to smile
one year to bless
one year of better things to stress,
But he brightened our world a little while.



Eduardo Habra Jack Craven

Luis Vieira, George Crowell.

Don Blanton, "Pip" Buencamino, "Pop" Buencamino.

AMERICAN FIELD SERVICE

This year we were fortunate to have four exchange students: Sigrid Kuntzsch, who came from Germany to spend the Winter months with the Walter F. Brinkley family, and Eduardo Habra, who came from Argentina and made his home with the John B. Cravens. Our two summer exchange students were George Crowell, who lived in Portugal, and Don Blanton, who spent the summer in the Philippines. We wish to thank the American Field Service for the fine experience they have offered these and many other students around the world.

"Olympians of the field"

"There's a breathless hush in the Close tonight—
Ten to make and the match to win—
A bumping pitch and a blinding light,
An hour to play and the last man in.
And it's not for the sake of a ribboned coat,
Or the selfish hope of a season's fame,
But his Captain's hand on his shoulder smote—
'Play up! play up! and play the game!'"

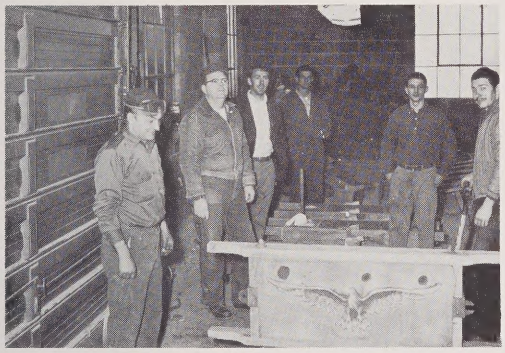
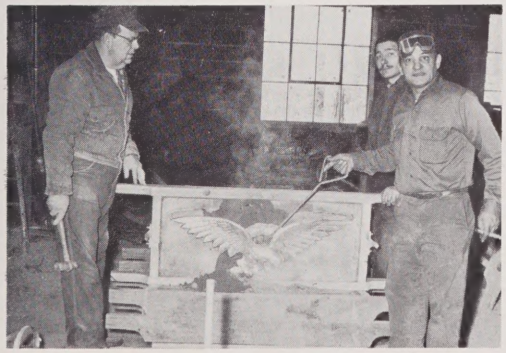
PATENT PENDING

A new addition to Harb's services is ornate wall plaques.

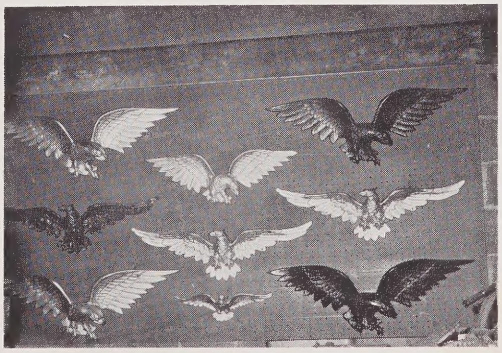


The pattern is set up in sand. The mold is open in this picture.

Hot metal is then poured into the sand mold.



While in a semi-molten state, the sand casting is removed.



A choice of patterns and sizes is offered in the finished product.

REPUTATION

Many years behind the camera have enabled us to produce photographs that are true likeness posed in the spirit of today, finished so they will grace any home.

We are genuinely proud of our samples and glad to show them. Why not drop in today?

Dear, Rich,

This has really been a year to forget.
We had a rough time in English III, because
of Mrs. Lewis and her beautiful lessons.
I hated every one of the short stories we
read Brown, I really am proud of you
for what you and the Soul Band (Fixables)
did. Ya'll were great. All my life (17 long years)
I have hoped to get in a good group like
that, but I guess I just have to wait
and practice, and practice, and practice, and
practice. You're a real good drummer, no
kiddin'!! And-you're also a pretty good
old guy (with a real good-lookin' gal). Good
luck this summer. Maybe I'll see you at the
pool or the lake or the Mont or somewhere

Dear Richard,

This year seems to have passed so quickly. It seems like only yesterday when we were rushing to the Cellar after ballgames + those Sunday afternoon practices at Elliott's! It's bad that the group broke up, but maybe it's for a better future. Richard, thank you so much for listening to my problems + giving me advice. When I really feel down you're always there with a smile and a compliment. I can always count on you to give me an honest opinion, and I will always think of you as a loving friend.

You treat Bobbie right!! You've got some girl there. She loves you a lot + I know you love her. You'll make it, no matter what. Be good and take care of yourself. I wish you all the luck always,

Love ya',
Heidi

You don't know
how glad I am to be
able to write in your annual.
What I mean is that I'm glad
to be alive! Living thru a whole
year opposite you in chemistry is
a real accomplishment. I thought you'd
blow us all up several times for sure!
I admire you for being able to put up with
all the boys that flirt with Bobbi, of course
it has its rewards I'm sure.
In any case, be sure to take it easy
this summer and I'll see ya' then.
your longtime friend,
Jimmy

EPILOGUE

That is the hardest exam I have ever taken. But it is the last exam I'll have to take in this school, thank goodness. Come on. Let's walk up the hall to the science building. You know our science building is new. Not brand new, but it is only one year old. I wish we had had it earlier. It's very modern. No other school can match it. Oh! it's locked. Let's go to the gym. You know this hall sure used to look big, but it seems to be smaller now. Maybe it's the light. I've had classes in every one of these rooms at some time, I think. I'll never forget this room. That history exam. Gosh! What am I talking about exams for, I'm through with exams. Oh, that's the library. I used to come to the library for hours and not open a book. It was sort of a gathering place, you know. The library at college will make this one look sick, but it can't be as much fun. Right here is where I fell flat one day last year. I was so embarrassed. I'll never forget it. Oh good! I've always wanted to see what the teachers' lounge looked like. Well, I always thought it was spooky with cobwebs and things, but it looks like a regular room now. Must be the light or something. That? Oh, that used to be the clinic, and then it was the guidance office. I don't know what it is now. This office used to terrify me, but not anymore. Since they built the new administrative wing, the old offices don't look the same. Might be the light. I've never been here this late in the day before. Oh! it's right up here. See? It's much bigger than the old office. Took forever to build though. Well, here we are. It's just a regular old gym. It still has that smell . . . like . . . like a gym, I guess. I wish I had a nickel for every time I've seen a basketball game in here. Gosh, it's hot! Let's go out into the stadium. I'm about to roast in here. This stadium is one of those things that has been here forever. I can remember coming here when I was in grammar school. It was the biggest thing I had ever seen. There was a road

that came up from way down there at the . . . oh! that's the Middle School. It's new, too. Well not new. A few years old. You see, the track runs around the field. Come on. Let's walk around to the other side. I haven't ever been over there, I don't think. That scoreboard is strange. It has made me act like an idiot so many times. I've shouted, hated it, cried, loved it, sworn at it . . . all kinds of stuff. It looks rather impersonal now though. In fact the whole stadium looks like it doesn't know me at all. Sit down on these bleachers. This is where the opposing team has to sit. Hey! They can only see the gym and the shop and the stadium. I never realized that. They can't see the classrooms, the place where I fell down, the library, the friends, the memories, the heartaches, the triumphs, the successes, the failures, the spirit, the . . .

That's strange. From here it looks like any other school. Must be the light.

Dear Richard,

I don't know where to start - there's so much to say! My Sophomore year has been the greatest year of my life. I've had so many great times with you - its hard to believe that a whole year has gone by. All the times we've spent at the lake together, going to the Fixable's practice, the football + basketball games and the cellar afterwards, going to the fair, and just all the time we've been together - has meant the world to me. No matter how bad I felt when I came to school - you were always there waiting for me with that beautiful warm smile of yours. I can't help but to beam back! There have been some rough spots I'll have to admit. But because you are so understanding - we have always gotten everything straightened out. You are so crazy and so much fun to be with. When we start laughing it takes a lot to stop. I'll never forget the times you got so irritated at me for tickling you. You're so cute when you start rolling around. Richard, you are such a great person, who I admire with much love and respect. You always say such great things with so much sincerity. I'll never forget the 'Cats alive" Retreat - It was fabulous. I was so proud of you at the Jr.-Sr. You looked so handsome and I felt great being by your side. I'll never forget the Jimi Hendrix Concert - I'm sure you won't. George and I could hardly believe you, Oz, and Ray after the concert. - Y'all went wild! Then, way back in September when we went to the fair - After lots of hard work - you finally won me a teddy bear. I still don't know how you got me on some of those rides! I'll always remember going to the "Soul Band's" practices and performances. - You never finished teaching me how to play the drums! You're the best drummer in the world in my opinion! When the group played at the cellar - I was always so proud of you. Of course there was the Dragons Lair, too. July 14, 1968 was the beginning of a friendship very dear to me - Then May 21, 1969 you gave me your classring! I wear it with much pride and love - I will for a long time. I'm looking forward to a wonderful summer with you - You'll be skiing barefoot before it's all over! My mouth flew open when you got up on one ski the second time! - Well - "That's My Darlin'." I'm running out of space but I couldn't write everything I feel - it would take forever! Don't ever change - you're the greatest!

God bless you. Be good and keep smiling for me!

With All My Love!!!

Bobbi
